Airport Shuttles: (IABE is not responsible for authenticity of information on Airport Shuttles or Trolley.)

ACL, Bell, Star, and Showtime are just a few of the companies that offer shuttle buses between the airport and the various Strip and Downtown hotels. These buses usually cost about \$5 per person to Strip hotels and about \$7 per person to downtown hotels that makes them a lot cheaper than taxis. You can take care of your return trip to the airport by buying a round-trip shuttle bus ticket that offers some savings. They typically cost around \$8 for Strip hotels and \$10 for downtown hotels.

Whichever shuttle service you use, be sure to ask the driver for a telephone number to call for a pick-up when you have to return to the airport. When you are ready to call for a pick-up, you can often just pick up a hotel house phone and ask them to connect you to the shuttle bus company. Be sure to call at least two hours before the time you want to arrive at the airport. Some shuttle bus companies want you to call 24 hours ahead of time. Ask your driver how far ahead you should call for a pick-up.

What you get in savings you give up in time. These buses will typically wait for the bus to fill before leaving which means it can take an up to an hour to get to your hotel. If you're more interested in saving time than saving money, take a taxi. Taxi rides generally average \$15 to Strip hotels and \$23 downtown (not including tip).

Visiting the Vegas "STRIP"

You can conveniently visit the hotels/casinos on the world famous "STRIP" (South Las Vegas Blvd.) by the trolley available at front of the Plaza Hotel for about \$7 one-day pass with unlimited travel. You can purchase the pass and get a map from the trolley driver. For details, visit www.StripTrolley.com.
